UKF004790 Petersons Farm Produce

The status of the crop depends on its sowing or planting date compared with the Conversion Start Date.

Crops in the first year of conversion are classed as non-organic = NO; Crops & forage crops harvested after 12 months of conversion are C2.

Crops sown or planted in the second year of conversion, before the land becomes organic and harvested after the land becomes organic are C2.

Crops sown or planted after the land becomes organic are O.

Grazing and forage crops (silage, leys, permanent pasture, rough grazing and maize & whole-crop silage) harvested after the land becomes organic are O.

Licensed Fields

O = Organic, C1 = 1IC (1st year conversion), C2 = 2IC (2nd year conversion), C3 = 3IC (3rd year conversion), N = Non organic, NA = Non cropping
